

CAREER MANAGEMENT WORKSHOP

Career management is an essential skill for all employees, from knowing where they are going to applying for jobs. This workshop will cover:

- Creating and managing a career plan
- Writing job application documents, including resumes
- Attending and presenting at job interviews

Career management skills can also support organisational performance review and management systems as well as career development schemes.

People have said the following about the facilitator:

"A big thanks for all of your coaching tips. I will definitely maintain that approach from this point on. I found the experience very positive and could see the difference it made"

"Thank you very much for your detailed feedback, it is very useful. You have been very helpful and thank you for being so supportive"

Workshops are small in size and places are limited.
